Lots of Threads

- Is this even technically possible?

- Will it help?

- Is this legal?

- What is the role of the community here?

- What is the role of the RIPE NCC?

- Will regulators & governments allow this?

- Will regulators & governments step in if nothing is done?

RIPE

This Could Matter

- Discussion in anti-abuse, but touches (at least):
    - Routing
    - MAT
    - NCC services
    - Cooperation
- Forces us to deal with central issues:
    - Who is RIPE? Who is the RIPE NCC?
    - What are the rights & responsibilities?
